Tonatiu International Business Xchange

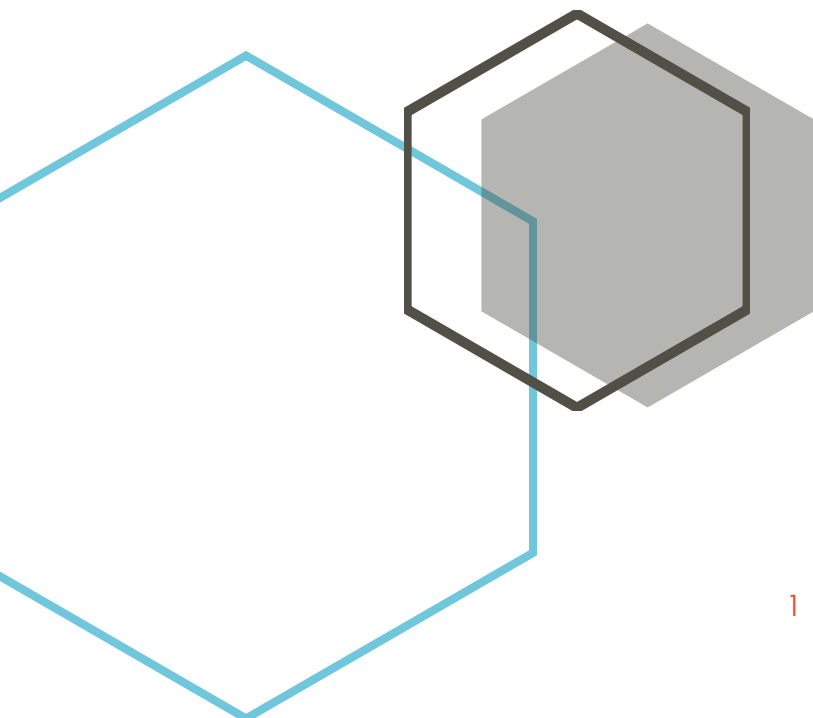

Whitepaper

Intro

Tonatiu International Business Xchange is a Waves Token. This Token's purpose is so companies, factories, farms and individuals from all over the world will be able to trade stocks, goods and services. Our group of experts will be able to guide companies, factories, farms and individuals in the Tokenize process.

Tokenization process

The Tokenization of goods and services represents Trillions of Dollars and is an untapped market. Our team of experts can help to get the goods and services into the crypto market in a fast-legal manner. Example: A factory that sells shirts can create a Token that represents a shirt. Then this token can be purchased locally or internationally in exchange for the shirt. TIBX will be able to link business from over the world. Using this market will warranty fast and secure payments for the business. This method can also work farms, in the tokenization of farm animals and for companies trading their stocks. Our group of experts can help guide companies in the legalization process.
